

CGI-T: Conners' Global Index - Teacher

by C. Keith Conners, Ph.D.

Student's Name: _____ Gender: M F
 (Circle One)

Birthdate: ___/___/___ Age: _____ School Grade: _____
 Month Day Year

Teacher's Name: _____ Today's Date: ___/___/___
 Month Day Year

Instructions: Below are a number of common problems that children have in school. Please rate each item according to how much of a problem it has been in the last month. For each item, ask yourself, "How much of a problem has this been in the last month?", and circle the best answer for each item. If none, not at all, seldom, or very infrequently, you would circle 0. If very much true, or it occurs very often or frequently, you would circle 3. You would circle 1 or 2 for ratings in between. Please respond to all the items.

	NOT TRUE AT ALL <small>(Never, Seldom)</small>	JUST A LITTLE TRUE <small>(Occasionally)</small>	PRETTY MUCH TRUE <small>(Often, Quite a Bit)</small>	VERY MUCH TRUE <small>(Very Often, Very Frequently)</small>	For Physician's Use Only	
					RI	EL
1. Temper outbursts; explosive, unpredictable behavior	0	1	2	3

SCORING — For Physician's Use Only

Transfer each of the item's circled number to the appropriate box in the Scoring Block. Add up the numbers in the RI column and the numbers in the EL column. Add together the RI and EL totals to get the Total Score. See back of form for scoring interpretation.

RI EL TOTAL

This form is intended for the collection of information.
 A clinical diagnosis can only be made by a physician.
